

Lockout

(Control of Hazardous Energy Sources) and Machine Guarding

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIO SHA

2 Why You Need This Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (2003 Liberty Mutual Safety Index.)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This one day seminar covers the requirements of General Industry Safety Standard Part 85, Control of Hazardous Energy Sources, and machine guarding requirements. Topics include the recognition of energy sources, creation of written programs, employee training, annual inspections and normal production operation exemptions. Employee protection through the use and application of machine guards and devices as required by various MIO SHA standards is covered in detail.

Agenda

We offer a flexible program agenda to emphasize the topics you want most.

- ▶ Machine Guarding
- ▶ Personal Protective Equipment
- ▶ Lockout Tagout

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Jerry Swift began work for MIOSHA's Consultation Education and Training Division in 1985 to assist employers and employees in the Grand Rapids, Michigan area. Jerry presently resides and provides consultation and training services in the extreme southwest corner of Michigan covering Allegan, Berrien, Cass, St. Joseph, and Van Buren counties.

Currently Jerry has been given primary responsibility for administering the partnership created between the United Auto Workers, Ford Motor Company, Visteon Corporation and MIOSHA. He has also become involved in one of MIOSHA's outreach strategies to develop new alliances and partnerships for the purpose of leveraging safety and health resources within Michigan.

Prior to joining MIOSHA, Jerry had worked as a Safety Administrator in the chemical, automotive and furniture manufacturing sectors after earning a B.S. degree in Environmental Safety and Safety Management from Indiana State University.
